

Hi, I'm Blue! I love teaching kids about banking and good money habits. To get started, draw a line to match the words on the left to where they go on my card. If you get stuck, ask a grownup to help you!

### Issue Date

The month and year that the card was made for you.

### Signature Panel

The place where you sign your name on your card.

### Debit Card Number

The unique number for your card.

### Expiration Date

The month and year that your card will need to be replaced.

### Magnetic Strip

A black stripe that allows credit card machines to read your card.

### Card Verification Value (CVV)

A code that helps confirm that you have the card in your possession.
